

TUFFGATE TAILGATES

Maximize Payload • Reduce Spillage • Increase Productivity

Why choose a Rockland Tuffgate?

Four reasons why a Rockland Tuffgate is the best choice for maximizing payload, reducing spillage, and increasing productivity:

Greaseless Design

- Save time and lower maintenance costs – Rockland Tuffgates are equipped with innovative greaseless bushings ensuring years of dependable service.
- All hinges are manufactured with composite materials that ensure smooth operation without the need for additional lubrication.

Fast and Easy Installation

- Rockland Tuffgates are the easiest to install in the business!
- Three piece modular design, special assemblies, and extremely detailed instructions insure a smooth installation every time.

 *Proudly Made in USA*

Built to Last

- All Rockland Tuffgates are designed and built in the USA.
- Tuffgates are manufactured from high strength weight-saving alloy steels and are backed by Rockland's industry exclusive no-nonsense warranty.

Many Applications and Sizes Available

- Rockland Tuffgates can be added to rigid frame and articulate haul trucks ranging from 20T to 60T capacity.
- Sealed Tuffgates for handling liquid material are available.
- Side body extensions, custom wear plate packages, logos, and many options are available upon request.

WARRANTY

Rockland tailgates are guaranteed against failure due to defective design, materials or workmanship for a period of two years or 4000 hours.
